Vienna, October 13.

**M**OST of the Imperial and Foreign Ministers follow the Court to Presburg; and a great many other People go daily thither to see the Coronation. We understand the Emperour is desirous that Ceremony shall not be performed in the ancient Manner of Hungary, wherein the Crown was used to be set upon the Queen's Shoulder only, but will have it placed upon her Majesty's Head; but 'tis not yet known whether the Hungarians will agree to it. Baron Imhoff, the Brunswick Envoy, having taken Leave of the Court, is Yesterday returned home: And the same Day a Prussian Minister arrived here. Count Berlips was two Days ago introduced into the Council of State.

From the Leiden Gazette, dated Oct. 26.

**B**asel, Oct. 18. The Cantons of Zurich and Berne are resolved to send Deputies to Araw, to Deliberate upon the Changes which are designed to be made in the Administration of the Revenues of the Abbey of St. Gal and its Dependencies: As also to consider of the Means for maintaining the Militia which those two Cantons have still on Foot. M. Passionei the Pope's Minister is still in Switzerland, endeavouring to raise new Commotions against the Protestants; and upon his Instigation the Roman Catholick Cantons have newly written to the Count de Luc Ambassador of France, to complain that they were not comprised in the late Treaty of Peace at Baden, and to desire his good Offices to acquire for them the Coadministration of the County of Baden which they find themselves excluded from by the late Treaty of Araw. But 'tis said his Excellency has answered them, that the King his Master had expressly forbidden him to meddle at all in their Affairs. In the mean time the little Roman Catholick Cantons are busy in erecting Magazines of Corn, which they fetch from Tirol and the Milaneſe, as if they had a new War in View. We have these Particulars of the Breach of the Mountain in our Neighbourhood. There is a Mountain belonging to the Valesians, named Chaville, and another in the Canton of Berne which is called Anciende, between both issues a Souce of Water which forms the two Rivers named Lancon and Lucerne: From the first of these Mountains terrible groaning Noises were heard for several Days together, which was succeeded for 24 Hours by Thunder and Lightning like the firing of Cannon: Afterwards there was seen issue from the Top of it, which is extreme high, a very great Smoak, with a bright Flame, and soon after the Body of the Mountain burst asunder and fell, in such Manner that all the Houses near it were destroyed, and Abundance of People with great Numbers of Cattle were buried in its Ruines; the River Lucerne was also so filled up that not the least Mark of it appears. Great Crashes are still heard in the neighbouring Mountains which are full of Mines of Sulphur, and make the People apprehend still more of the same terrible Effects.

From the Gazette à la Main, dated Oct. 27.

**L**isbon, Sept. 28. The 17 Ships from Brazil are impatiently expected, as also those from Goa, of whom there is no News since the arrival of the four of them who put into Oporto. An Express from the Portuguese Plenipotentiaries at Utrecht arrived the 26th, to inform the Court that the Spanish Ministers raise new Difficulties in the Treaty of Peace between the two Crowns, having demanded in the last Conference the

Restitution of two Spanish Ships which were in the Port of Lisbon when the last War was declared against France and Spain, with all their Lading that was upon them, which amounted to divers Millions. This Demand has very much disturbed the Court, and a great Council was held the 27th upon that Subject, but the Resolutions taken in it are not known. 'Tis believed that Restitution must be made, since by Letters from Madrid 'tis advised, that Barcelona was surrendered and Catalonia quite subdued, and that part of the Spanish Troops employed in that Service were sent into Estremadura, where they are at Hand to make an Irruption into Portugal, if the Peace be not concluded before the end of the Year, at which time the Cessation of Arms will expire.

Copy of a Letter from the Chieftains of the Highland Clans, to the Earl of Mar.

*My Lord,*

**S**o soon as we heard the afflicting News of the Death of her late Majesty Queen Anne, of glorious Memory, it did exceedingly Comfort us, that after so good and so great a Queen, who had the Hearts, and consulted the true happiness of all her People, we were to be governed by his sacred Majesty King George, a Prince so brightly adorned with all Royal Virtues, that Britain, under his Royal Administration, shall still be flourishing at Home, and able to hold the Balance in the Affairs of Europe. Allow us, my Lord, to please ourselves with this agreeable Perswasion, That his Majesty's Royal and Kindly Influence shall reach to us, who are the most remote, as well as to others of his Subjects in this Island. We are not ignorant that there are some People forward to misrepresent us from particular private Views of their own, and who, to reach their own Ends against us, on all Occasions endeavour to make us in the Highlands of Scotland pals for disaffected Persons.

Your Lordship has an Estate and Interest in the Highlands, and is so well known to bear Good-Will to your Neighbours, that in Order to prevent any ill Impression, which malicious and ill-designing People may at this Juncture labour to give of us, we must beg Leave to Address your Lordship, and intreat you to assure the Government in our Names, and in that of the rest of the Clans, who by distance of Place, could not be present at the signing of this Letter, of our Loyalty to his sacred Majesty King George. And we do hereby declare to your Lordship, that as we were always ready to follow your Directions in serving Queen Anne, so we will now be equally forward to concur with your Lordship in faithfully serving King George. And we intreat your Lordship would advise us, how we may best offer our Duty to his Majesty upon his coming over to Britain; and on all Occasions we will beg to receive your Counsel and Direction how we may be most useful to his Royal Government. We are, with all Truth and Respect, my Lord,

Your Lordships most faithful  
and most humble Servants.
